Most Respected Sir

I beg respectfully to submit the following for your favourable and kind consideration

In consideration of the humble claims submitted in my petition d/ 28th July 1894 The Dewan Bahadur was pleased to favour me with a stipend of Rs 200 (a copy of the order is herewith enclosed) to enable me to pay my fees and buy the necessary books Having procured the books when there were barely four months for the Examination, though I had the satisfaction of doing well in all the subjects yet I am sorry to submit that I had not sufficient time to work up Property and Hindu Law, in which there has been a general failure this year I further beg to state that since three new subjects have been introduced into the curriculum and the Bifurcation scheme takes effect from this year, it is considered necessary that I should take another years course in the Law College at Madras, — but I am sorry to submit that I am unable to bear this expense

In consideration of these facts while I am extremely obliged

to the Government for the help so kindly accorded to me, I most respectfully beg to solicit that it may be continued for another year

For which act of kindness and generosity I shall ever pray for your long life and prosperity

Respected Sirs 1/8/94

I beg respectfully to submit the following few lines for your kind consideration

In reply to my application d/ 25th March last praying for a continuance, for another year, of the help so generously given me in 1894 the Govt was pleased to sanction a scholarship of Rs 25/ to enable me to pass the B L Examinations but to my sad disappointment the order No 6520/374 d/ 2nd April which I received from the then Education Secretary says that it will be continued from the 1st April to 31st Jan 1895 1896, — a for nine months and not for a year as prayed for Since I have continued my studies all along without any break and since I have incurred great debts in buying the newly introduced books and paying for the application fees &c I most humbly submit that the Govt will be pleased to order that the scholarship for the three months which has been excluded may also be given to me as a special mark of grace

I further beg to submit that the newly introduced subjects for the B L Examination do not it seems make it necessary to take an additional course, as was supposed Moreover since with the exception of Constitutional Law a comparatively easy subject all the remaining subjects are old the new subjects having been over in May last, the attendance at College will not be of much use, beyond my incurring an additional expense of Rs 50/ as a term fee Hence I beg respectfully to submit that I may be allowed

Rejd 3 Dec Issue No 403 P 31/12/95

to remain outside the College and that the Govt will be pleased to favour me with the scholarship in a lump sum, as was done last year, in order that I may be enabled to prepare myself for the next Examination with greater facility and peace of mind

For which acts of Kindness and generosity, I shall ever pray

The applicant files the 2 endorsements recd by him from the Inspl Ed Off respectively 2nd Apl & 18 June last

He applied for 1 year's scholarship, but the Bhashik fund has only 9 months' grant and therefore granted the balance hence told that the scholarship is for 9 months only if he went to the Law College

2. The present application is for the balance of the 3 months To a poor student the difference is of much use Besides the conditional order seems to be unnecessary whether he goes to Madras or stays here, the condition should be that he shd take his degree

The Student says that if he joins the College he will have to pay the term fee, viz. he cannot afford which will be necessary as he has already kept the required terms

SUBJECT

Requesting to arrange for the payment of the Scholarship to the late Lieutenant Mahomed Laundon Deccan &c. independently of the Law College Office

Government of India that the bill for the Scholarship can be submitted through me for payment in this Office and that such payments were to commence on 1st August 1895 since the previous four months payments had been made by the Bangalore District Treasury Since however the Scholar is not attending the Law College and thus fulfilling what appears to be the object of the Scholarship I have not sent any bill for payment He requests me to call your attention to the above matter

If it is not now considered necessary that he should attend the College (and seeing that he has completed his course here, and that the current term is more than half over I do not see the good of his doing so) I have the honour to request that you will arrange for the payment of the said Scholarship independently of this Office

Mr Meera was allowed the scholarship on the express understanding that he will report the case (copy to be presented) his studies. The scholarship was intended to defray the fees & text books and the expenses when removed for the purpose. He has not fulfilled the condition and his progress is quite unsatisfactory — He is not entitled to the scholarship

Sir,

I have the honour to forward a letter herewith from Mr. Mahammed Zahiruddin Saheb in re the Scholarship

With regard to paragraph 3 of this letter I have the honour to say that the beginning of each term is the proper time to join this College to study for the B.L. Examination and it appears to me that Mr. Mahammed Zahiruddin Saheb should have joined the College in July 1895, if attendance here was required under the terms of his Scholarship

To

V N Narasimmiengar Esqr
General Secretary
The Mysore Govt

Respected Sir,

I beg to acknowledge the receipt of your Hond Memo No S698/Ed 129 d/ 8th Nov 1895 received on the 16th Inst and in explanation of my not joining the class in July last I beg to submit

The Law College opened on the 29th July but since I had submitted an petition to the Govt requesting that the scholarship may be paid me in a lump sum for the whole year, and since I had already completed my course that my attendance at the Law College may not be insisted on, I had to wait for the order (No 403) with which I was favoured on the 1st August informing me that my request could not be granted

2 On a fresh application however the Govt was pleased on the 8th August to issue an order No 2011-2/Ed 29 to enable me to obtain payment at Bangalore of the scholarship that was due for the months of April May June and July, and the bill for the above was countersigned and passed only on the 12th August

3 After drawing the arrears at Bangalore I came to Madras and presented myself before the Principal of the Law College On my speaking to him about the scholarship that the Govt had been pleased to confer upon me and about my joining

the

the College, I was told that it being the end of the year I could not join it, and further since I had completed my course already there was no necessity for my joining the College. On my showing him the order of the Govt that the scholarship had to be drawn through him and on my requesting him if he would kindly draw the scholarship for me even though I could not join the College, he consented to do so

4 But since the Principal had received from the Insp. General of Education no answer to his communications on the same subject, I had to wait before any scholarship could be drawn, and further, since the Insp. General of Education had already been written to on the matter, my writing to him separately about the same was considered to be unnecessary

5 Till the 24th Sept I had to pay repeated visits to the Law College office to see if any answer had been received from the Insp. General of Education and if my scholarship had been drawn but I am sorry to submit that every time the answer was in the negative. I therefore saw the Principal on the 25th Sept, when he was pleased to say that since my joining the College was a condition precedent to any scholarship being drawn, he could not draw it till the condition was cancelled, and since no notice had been taken of the matter in spite of his having written to the Insp. General of Education twice on the subject, he did not see

there was any use in writing about it again

Accordingly I wrote to the Insp. General of Education on the 26th Sept intimating to him all these facts and requesting him that some kind order may be passed about the drawing of my scholarship which had remained undrawn so long But not having been favoured with any answer I went to the Principal on the 7th Oct and he kindly consented, on my request to write to you about these facts I may as well submit here that I have also brought these facts to your kind notice by my letter of the 23rd Oct.

7 On the 26th Oct. I was favoured with an answer from the Insp. General of Education, saying that if the bills were sent over to Mysore they would be countersigned and returned, — which was accordingly done But on my presenting the bills so countersigned at the office of the Asst General Madras, they were returned to me with an endorsement that the scholarship was according to the orders of the Comptroller, payable only on the countersignature of the Principal of the Law College and for any further change an intimation from the same office was necessary These facts also have been brought to your kind notice by my letter of the 10th Inst and also to the notice of the Insp. General of Education

8 Thus I beg to submit that I have been acting in

obedience to the orders of the Govt., and have been waiting for final orders and further, since the scholarship has remained undrawn for the last three months and a half, I beg most respectfully to submit that some kind order may be issued so as to enable me to draw the scholarship at an early date.

I beg always to remain
Respected
Your most obedient servant
Mahammed Zahiruddin Maccan.

The General Secretary to
The Government of Mysore

Respected Sir

With reference to the order which the Government has been pleased to make about my scholarship I beg to submit the following facts for the kind and favourable consideration

The refusal of the Principal Law College to admit me arose not from the fact that I went late in the term because I had intimated to him in time the fact of my illness and requested him to grant me leave for a few days (a copy of the letter marked A is herewith annexed) but because I did not join the College in the first term of the year

2 As regards this the Principal had already written twice to the Inspector General of Education (Vide para 4 of the Explanation forwarded to you through the Principal) Having waited sufficiently long for an answer thereto till the 24th Sept I brought these facts to the notice of the Insp Gen of Education by my letter (marked B) of 26th Sept and as I was not favoured with any reply till the 23rd Oct, I then brought the matter to your kind notice by my letter of that date Shortly after this on the 26th Sept Oct I received an order from the Insp Gen of Education stating that if the bills might be sent to him for countersignature and that they would be made payable at Madras and the bills so countersigned are still in my possession. Since such an order was passed with the distinct knowledge that I could not join the College I venture to submit that the Insp Gen of Education would not have passed such an order had my joining the College been considered essential

3 Though the object of my joining the College could not be fulfilled yet the Government

having been pleased to confer the scholarship on me to enable me to prosecute my studies for the Rd Examination it was not unnatural for me specially on the receipt of the above order from the Insp Gen of Education to expect that the generous help will be continued This belief on my part was further confirmed by your Kind letter to the Principal informing him that on receipt of the answer to a reference which had been made to me a separate arrangement will be made for the payment of my scholarship, and not that the question of the payment as itself would be decided In the presence of such Kind orders as these I beg respectfully to submit that I could not have thought otherwise than the scholarship will be continued, and hence I continued to stay in Madras, and to defray the costly expenses to which students are subject in a strange and costly city like this, I had to borrow in anticipation of the scholarship being remitted Had on the contrary the slightest doubt been expressed about the continuance of the scholarship, I would have at once left Madras, and not incurred heavy debts The above-mentioned countersigned bills could not be cashed, as the Asst General Madras took objection I brought this fact to the notice of of the Insp Gen of Education by my letter of the 14th Nov 1895 but after having answers' waited for an answer till the 10th Jan 1896 I received, to my sad disappointment an order on that date, informing me that the scholarship was cancelled

4 Having gone to Madras on the generous promise of the Government, and having stayed there on the strength of such Kind orders as the above, assuring me that the scholarship will be paid, I beg respectfully to state I find it extremely hard, that an order received when there were only three days more for the Examination, should be meant to have a retrospective effect and cancel the scholarship that ~~was~~ is due for the whole of the Six months, which had elapsed

5 I further beg to submit, that to the best of my knowledge and belief there was no course of lectures to which I could have been admitted Because

I had frequently seen the Principal about my scholarship on the dates marginally noted, and since he was aware

the difficulty in which I was placed ~~[illegible]~~ ones refusal to admit me he would have kindly informed me that I could be admitted to the particular course of lectures and thus relieved me from it But I solemnly declare that he did not mention any such thing to me either from oversight or as may be, that after coming to know about the order of the Dy Gen of Education that the bill would be countersigned by him made payable at Madras, ——— backed as this was by your kind letter to the principal saying that on receipt of the explanation a separate arrangement was be made for the payment of my scholarship, he might have thought it unnecessary to do so In addition to the above I had been the clerk of the College on the dates noted on the margin but I did not learn anything from him, either

6 In conclusion I beg most respectfully to solicit that since all the objects for which the Government was pleased to confer the scholarship on me (such as the purchase of books payment of the application fees of the board lodging expenses) have been fulfilled and even as regards the object that could not be fulfilled viz that of my joining the College it arose from quite a different quarter, and that as a matter of fact I tried my best to act in obedience to the orders of the Government and that I prolonged my stay in Madras and had incurr debts on the kind and generous assurances in the orders with which I was favoured, I most respectfully solicit that the Government may be pleased, as a matter of grace to reconsider the order and pass a kind and favourable order for the payment of the scholarship that is due for which act of kindness I shall ever pray

Respected Sir,

When I first presented my self to the Principal of the Law College he told me that not only was my joining the College unnecessary but also that I could not join it and that he has already written to you about the fact I was further told to draw my scholarship my self But on my telling him that the said order was that the Scholarship had to be drawn Through him he was kind enough to consent to draw my scholarship from the Accountant Generals Office even though I remained outside the College

When I went to see him yesterday, he told me that since a spirit of his having written to you more than once he has not received any intimation from you withdrawing the condition of my joining the College, he was not willing to get the Scholarship drawn till the condition was cancelled

Since my scholarship has thus remained unpaid till now I most respectfully submit that the principal may be asked to draw my scholarship & he intimated that there would be no objection for his doing so

The General Secretary to the
Government of Mysore

Respected Sir

I beg to submit the following facts for your kind and favourable consideration

The Government was pleased last year, to confer on me a scholarship of Rs 20/ to enable me to join the Law College and pass the B.L. Examination But owing to my misfortune unexpected difficulties arose in the way and owing to some difference of opinion which the Principal has formed about the scholarship I was not admitted into the College & the condition of my joining the College was not fulfilled which I beg to submit, was not as has now been clearly proved owing to any fault on my part the scholarship which was so generously conferred was cancelled

2 Since the order cancelling the scholarship was not communicated to me till the 10th Jan 1896 I continued to stay in Madras and study for the Examination being led to believe from the intermediate and kind orders of the Inspector General of Education and the General Secretary that the Scholarship would be paid to me

3 But I am sorry to submit that having been deprived of timely help in a strange city like Madras I was beset with various difficulties and was not able to devote the whole of my time to my studies with peace of mind It has been my misfortune now to find that I have failed in Hindu Law which alone claims 51 failures out of a total of 110, and in Procedure

I may here submit for your kind consideration that the extremely severe character of the Examination this year is apparent from the fact that nearly half the total number of failures have been in more than two subjects most of the candidates having failed in three or four subjects

Since Hindu Law is a subject of special difficulty for the Muhamedans, and the subject of Constitutional Law has been newly introduced, a year's course at the Law College is considered necessary for me to successfully pass the Bl. Examination. As the new admissions into the College have just been made, I beg to submit that it is desirable that I should proceed to Madras without any more delay

5 In consideration of the above facts I most respectfully submit that the Government will graciously be pleased not only to continue the scholarship this year but also to order the payment of the arrears of the 6 months which have remained undisbursed, as I have been involved in heavy debts, for which act of kindness and generosity I shall ever pray

I beg to remain
